### Art and Identity - 2307 Words | Essay Example

Artists often address their multiple, intersecting identities in a work of art. Identity is the way we perceive and express ourselves. Factors and conditions that an individual is born with—such as ethnic heritage, sex, or one’s body—often play a role in defining one’s identity. However, many aspects of a person’s identity change ...

The class solidarity which provided identity and values has been eroded. Art and culture is sold as a lifestyle commodity. A lack of a sense of place is no accident. The act of making is self-affirming. We can learn a lot from a culture where the West's hierarchical division between art and craft is not understood: which has a strong visual ...

The so-called Dark Ages in the West produced virtually no sculpture or painting—with the notable exception of illuminated manuscripts, of which marvelous specimens were made (e.g., the Book of Kells and the Lindisfarne Gospels). The Irish and Anglo-Saxon monks did not construct noble buildings but knew how to write and to illustrate a book.
