### Cell Novel Stephen King

Cell is a 2006 apocalyptic horror novel by American author Stephen King. The story follows a New England artist struggling to reunite with his young son after a mysterious signal broadcast over the global cell phone network turns the majority of his fellow humans into mindless vicious animals.

### Cell (novel) - Wikipedia

Cell is an OK book but it does move a little slow. It is a typical Stephen King book, so if you like SK it will probably be a good read. If you are not a SK fan and just want to see what he does with a Zompoc book, skip it. As with many of SK's books the human element is the main story not the events going on in the world, they are just a backdrop.

### Amazon.com: Cell: A Novel (9781501122248): King, Stephen ...

This is the nightmare world imagined in Stephen King's "Cell". While a King fan, it's been years since I've read one of his books. I discovered that reading Stephen King, after an extended absence, is akin to running into an old friend you have not seen for long time.

### Cell: A Novel: King, Stephen: Amazon.com: Books

King writes his novels like a seduction, the story unfolding delicately and deliberately. As any Stephen King fan knows, his coy expository chapters often take up the first hundred pages or more. In Cell, however, the reader is brutally dragged into the main action--unspeakable, senseless violence--within the first seven pages.

### Cell by Stephen King - Meet your next favorite book

From international bestseller Stephen King, a high-concept, ingenious and terrifying story about the mayhem unleashed when a pulse from a mysterious source transforms all cell phone users into homicidal maniacs. There's a reason cell rhymes with hell.

### Cell : A Novel by Stephen King (2016, Compact Disc ...

Cell by Stephen King (Book Review) October 1 st begins like any other ordinary day in Boston. Clayton Riddell has turned a corner in his graphic art career, but his good mood is soon to be cut short. While waiting in line for the ice-cream truck at around 3pm, the people ahead of him suddenly go berserk, violently attacking each other.

### Cell by Stephen King (Book Review) - Sci-Fi Kingdom

Cell is the 53rd book published by Stephen King; it was his 44th novel, and the 38th under his own name. The book was released by Scribner on 24 January 2006.

### Cell | Stephen King Wiki | Fandom

For the 2000 film, see The Cell. Cell is a 2016 American science fiction horror film based on the 2006 novel of the same name by Stephen King. The film is directed by Tod Williams, produced by John Cusack, with a screenplay by King and Adam Alleca. The film stars John Cusack, Samuel L. Jackson, and Isabelle Fuhrman.

Stephen walked up to my dad (who's an oil delivery man for dead river in Maine) while he was delivering oil at a home and asked him how much propane he thought it would take to blow up a soccer field. They chatted for a little while about the subject. He had told him it was for a book he was working on called The Cell.

### Cell (SPOILER Review)

With the CELL, King returns to his goriest horror roots. It isn't the masterwork of the Green Mile, nor the small-town slice of life of Stand By Me, nor is it the misguided mishmash of The Colorado Kid, it is Stephen King and his rawest most unadulterated form. If you're looking for a fast raucous ride the CELL is worth the read.

### Cell book by Stephen King

Diehard fans breathed a sigh of relief this summer, when the Internet was suddenly buzzing with news: far from retiring, King was writing a new book, Cell, to be published on January 24. It was to be a return to his roots, a classic horror tale starring zombies created by cell phone signals gone bad.
