Mental disorders are patterns of behavioral or psychological symptoms that impact multiple areas of life. These disorders create distress for the person experiencing these symptoms. While not a comprehensive list of every mental disorder, the following list includes some of the major categories of disorders described in the Diagnostic and Statistical Manual of Mental Disorders (DSM).

A List of Psychological Disorders - Verywell Mind

Adolescents with Autism Spectrum Disorder: A Clinical Handbook is an edited volume that summarizes the current state of the research concerning adolescents and young adults with autism spectrum disorder (ASD). This is important, as the research indicates that young adults have low rates of attendance in post-secondary education, of being competitively employed, and of living independently.
