some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Compex Toolbox Guide

Details of these centres as well as latest CompEx Toolbox Guide are on the dedicated CompEx website. Below is an introduction to the CompEx Scheme from Martin Jones of JT Limited. Key recommendations from Lord Cullen's inquiry into the Piper Alpha disaster led to the creation of the CompEx Scheme.

Standards. Since the early 1920`s many standards have evolved both in Britain and all over the world. Most of these standards are now obsolete so there is one international standard that is really important to remember - IEC 60079. IEC 60079-10 - Classification of Hazardous Areas IEC 60079-14 - Construction of

CompEx - Basic Principles | SparkyFacts.co.uk

These materials (usually a "Toolbox Guide" and a "Course Notes") will be expected to be studied by the candidate before attending the course. It is advisable to take this very seriously, since the three days available on the course for actual studying is very little time in relation to the scope of the material for the CompEx exam. After completion:
