IP Office Release 8 - Avaya

IP Office Embedded Voicemail is supported on the IP Office Small Office Edition and IP Office 406 V2 control units. Embedded voicemail does not require an IP Office license. It provides basic voicemail mailbox operation without requiring a permanent voicemail server PC. It also provides multiple auto- attendant support for incoming calls.

Embedded Voicemail Installation - Avaya

It's not often that we do pre-recorded menus for an embedded auto-attendant. It's fairly straight forward when doing it with Voicemail Pro -just make sure the WAV file is in the right format and point the component within to use the file. Recently,a client asked me to load pre-recorded audio greetings for an auto attendant.
