education and knowledge, are not the millionaires of today's world.

## **Knowledge Is Power But Knowledge Without Action Is Useless**

knowledge practices are subject to modalities of power. The paper contributes to the extant KM literature by offering a theoretically grounded discussion of the concept of power beyond the prevailing resource-based view. It also provides empirical illustrations of the application of Foucault's power/knowledge lens in KM research and practice.

## **Journal of Knowledge Management**

Power/Knowledge For Foucault, power and knowledge are not seen as independent entities but are inextricably related—knowledge is always an exercise of power and power always a function of knowledge. Perhaps his most famous
