Max Weber (April 18, 1881 - October 4, 1961) was a Jewish-American painter and one of the first American Cubist painters who, in later life, turned to more figurative Jewish themes in his art. He is best known today for Chinese Restaurant (1915), in the collection of the Whitney Museum of American Art, "the finest canvas of his Cubist phase," in the words of art historian Avis Berman.

Max Weber (artist) - Wikipedia

Max Weber answers many of these questions, although at an abstract level. In fact, this is a book through which can 'theorize' oneself and become able to grapple with abstract thought. Taicott Parsons wrote the translation of the book: one has to wonder the degree to which his training and interests influenced his translation of the book.

The Theory of Social and Economic Organization: Weber, Max ...

The three-component theory of stratification, more widely known as Weberian stratification or the three class system, was developed by German sociologist Max Weber with class, status and power as distinct ideal types. Weber developed a multidimensional approach to social stratification that reflects the interplay among wealth, prestige and power.
