DESCRIPTION. With the proliferation of civil wars since the end of the Cold War, many developing countries now exist in a "postconflict" environment, posing enormous development challenges for the societies affected, as well as for international actors. Postconflict Development addresses these challenges in a range of vital sectors—security, justice, economic policy, education, the media, agriculture, health, and the environment in countries around the globe.

Citation: Postconflict Development: Meeting New Challenges. Gerd Junne and Willemijn Verkoren, eds. Boulder, CO: Lynne Rienner Publishers, 2004. This volume is concerned with development in situations after warfare has ended. This does not mean conflict is over for, as Junne and Verkoren describe, "[c]onflicts become more or less violent, more or less manifest or latent, but they seldom stop altogether."
