Good customer service is essential to the success of your business. Statistics show that there is a 60 to 70% probability of selling to an existing customer versus a five to 20% probability of making a sale to a new customer (Marketing Metrics) and gaining new customers is seven times as expensive to the business as retaining existing ones (Parature).

In the YaSM service management model we distinguish between service lifecycle processes and supporting processes.. The service lifecycle processes are modeled upon a well-established management method for continuous improvement, known for example as the Deming or Plan-Do-Check-Act cycle. The lifecycle processes. Decide upon the service provider's strategic direction and the range of services ...
