Maintenance and Reliability Leader - Owens Corning Careers

Reliability professionals normally talk about reliability in terms of reliability centered maintenance (RCM), preventive maintenance (PM), root cause analysis (RCA), computerized maintenance management system (CMMS), 5S and a never ending list of other acronyms. What we rarely talk about is the importance of leadership in the reliability effort.

Leadership Responsibilities in Reliability

Last month's Uptime column (“Wanted: Maintenance & Reliability Leaders”) defined job roles and presented a draft “Maintenance and Reliability Career Ladder” as a starting point. As noted in that column, we have an opportunity and an obligation to select and develop our future maintenance and reliability (M&R) leaders.
